

Holy Family Community School

"Education is Opportunity"

On Wednesday, 8th of February..

64 Transition students and nine teachers from Holy Family Community School, travelled to Lavarone, Italy. They had a wonderful time skiing the slopes of the Dolomite Alps! Well done to all the students for their enthusiasm and good spirits in learning this new skill. They worked hard adjusting to the skis in the first few days and their resilience paid off, as they were able to explore new and more challenging slopes in the latter part of the week.

When off the slopes, students got to enjoy two thrilling evenings of snow tubing, which proved to be one of the many highlights of the trip. Their behaviour and attitude were exemplary throughout and this made the trip an enjoyable and pleasant experience for all. As Jamie Hanan Murphy (TY student) so eloquently summarised his experience; "Trip of a lifetime that we will all remember forever", emphasises just how much this trip meant to the students.

Thank you to the nine teachers who travelled with and looked after the students during the week. A huge thanks to Ms. L. O'Brien for all her work in organising this fabulous trip over the past calendar year! The feedback from students and parents has been hugely positive; the opportunity afforded to the transition year students to travel on a ski trip is very much appreciated. We look forward to the same memorable experiences on our future ski trips!
